The GSG Hackathon on Misinformation and Cybersecurity
Friday-Sunday, April 23-25, 2021
Via Zoom

We invite you to the inaugural Hackathon by Graduate Student Government (GSG) for graduate students and seniors at UD.

Motivation :

- Cash Prize (**1st position** : $500, **2nd position** : $300, **3rd position** : $200) and more to come
- Improve your CV : Learn new skills and get participation certificate (All participants)
- Hands on workshop : "**How to use GIT**"
- **Presentation from company representatives** on data driven student opportunities followed by a Q&A (**J. P. Morgan, AiWhoo** and more)
- Networking opportunities with students, faculties, industrial representatives
- Mentorship opportunities.
- Practice pitch and present your work to judges from diverse backgrounds.

The theme of the Hackathon will be "**Misinformation and Cybersecurity**" which can include (but not limited to) topics such as:

1. **Misinformation in health** : Are masks / vaccines effective?
2. **Misinformation in finance** : Detecting fake stock promotion articles.
3. **Misinformation in media** : Verifying news source and fact checking.
4. **Cybersecurity** : Protecting systems, networks, and programs from digital attacks.

We encourage you to mark your calendar and **REGISTER** now.

Important Deadline :

Please submit your project idea by **Friday, April 23, 11:59 PM** using the template here. (Each team must have 1 to 4 members with at least one graduate student.)

More Information :
